User Manual

OA6-BK144

Description

Sunnylife OA6-BK144 is a versatile detachable protective frame and street photography handle 2-in-1, designed specifically for the Osmo Action 6 camera. This product, measuring 129 x 74 x 37 mm and weighing 57 g, provides comprehensive protection and significantly improves recording ergonomics. Its innovative design allows for both safe transportation of the camera and stable holding during dynamic shots. This gives the user increased freedom in creating professional video and photo materials.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification

Brand Sunnylife

Model OA6-BK144
