User Manual

ON-J064

Description

The Sunnylife ON-J064 clip mount is a dedicated accessory that allows for stable mounting of the DJI Osmo Nano camera. The product, weighing 19 g, is made of plastic and features a 360° rotation capability, allowing for versatile adjustment of the recording angle. It is designed for mounting on the brim of a cap, backpack strap, or headband, facilitating first-person perspective shots. It provides quick and easy installation, which is crucial in dynamic situations.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
