User Manual

ON-BK065

Description

Sunnylife ON-BK065 is a foldable vertical-horizontal mounting adapter designed as a protective frame dedicated to the OSMO NANO camera. Weighing just 15g, the device allows flexible camera mounting in either vertical or horizontal orientation, supporting a wide range of creative applications. It features dual mounting forms: a 1/4 inch thread and a foldable 2-prong mount, significantly enhancing its versatility. Thanks to its foldable design, the adapter remains discreet when filming in vertical mode, which is crucial for the aesthetics of shots.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.
