

User Manual

Sunnylife Mini Protective Case / Bag for Insta360 X3 / ONE X2 / X

Description

The Sunnylife protective case for DJI Mini is designed for users who require secure and convenient storage of their camera during travel, outdoor activities, or everyday use.

This product is compatible with Insta360 X3, ONE X2, and ONE X camera models. Its well-engineered structure also permits storage of the ONE X2 device with original lens covers, as well as the Insta360 X3 and ONE X2 models equipped with the factory lens hood. This practical solution enables rapid storage of equipment without requiring disassembly of protective accessories.

Use in accordance with the intended purpose

For safety and certification reasons, the product must not be modified or altered in any manner. Use of the product for purposes other than those described may result in damage. Moreover, non-compliant use may pose safety risks.

Carefully read the user manual and retain it for future use. Users must thoroughly read and comply with the safety instructions provided.

1. This product is not intended as a toy. Keep the product out of the reach of children and animals.
2. Protect the product from exposure to extreme temperatures, direct sunlight, severe vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Avoid subjecting the product to mechanical stresses.
4. If safe operation is no longer possible (the product is damaged or malfunctioning), discontinue use immediately and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or drops may cause damage to the product.
6. Should any uncertainties arise concerning operation or safety, it is advised to seek assistance from a qualified specialist.
7. Should you have any questions not addressed within this manual, please contact our customer service department (email: hurt@innpro.pl, website: <https://innpro.pl/>) or consult a qualified specialist.
