

User Manual

Sunnylife Butterfly Protective Case for DJI NEO 2 – Grey

Description

The Sunnylife Butterfly photographic case has been specifically designed for DJI NEO 2 users seeking not only to securely protect their drone but also to impart a distinctive character. Its original butterfly shape renders the accessory immediately striking and distinct from conventional plain covers. The compact construction ensures an excellent fit for the drone, presenting a neat and contemporary appearance. This is an ideal choice for individuals who value a blend of functionality and distinctive design.

Use strictly in accordance with the intended purpose

For safety and certification reasons, the product must not be modified or altered in any manner. Use of the product for purposes other than those specified may result in damage. Moreover, use inconsistent with the intended purpose may give rise to hazards. Thoroughly read the instruction manual and retain it for future reference. The safety instructions contained within this manual should be read and observed.

1. This product is not a toy. It must be kept out of the reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, elevated humidity, moisture, flammable gases, vapours, and solvents.
3. Do not subject the product to mechanical loads.
4. If safe operation is no longer possible (for instance, if the product is damaged or malfunctioning), use must be ceased immediately and the product secured to prevent further use.
5. The product must be handled with care. Shocks, impacts or dropping the product may cause damage.
6. Should there be any uncertainties concerning the operation or safety aspects, one must seek advice from a qualified professional.
7. Should you have any enquiries not addressed in this manual, please contact our Customer Service Department (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another qualified professional.
