

User manual

Sunnylife Vlogging Kit Mount

Description

The Sunnylife Vlogging Kit is a lightweight and functional mount designed for creators who film on the move and expect maximum comfort whilst vlogging and street photography. The integrated design eliminates the need to constantly fold and unfold the accessory, ensuring the equipment is always ready for action. Weighing just 53 g, the grip does not strain the hand, even during long outdoor shoots. The ergonomic shape, wider finger grip and soft silicone surface ensure the device sits securely in your hand and enhances comfort during dynamic shots.

Intended use

For safety and certification reasons, the product must not be modified or altered in any way. If the product is used for purposes other than those described, it may be damaged. Furthermore, improper use may pose a hazard. Read the user manual carefully and keep it for future reference. Please read and follow the safety instructions contained in the manual.

1. This product is not a toy. Keep it out of the reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapours and solvents.
3. Do not subject the product to mechanical stress.
4. If it is no longer safe to use the product (it is damaged or not working properly), stop using it and ensure it cannot be used again.
5. Handle the product with care. Shocks, impacts or dropping the product may cause damage.
6. If you have any doubts regarding operation or safety, please consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service department
(email: hurt@innpro.pl , website: <https://innpro.pl/>) or another specialist.
