

User Manual

Sunnylife Vlogging Kit for Insta360 GO Ultra – Lanyard – Cold Shoe

Description

The Sunnylife Vlogging Kit is a lightweight and functional mount designed specifically for creators who record while on the move, offering maximum comfort during vlogging and street photography. Its integrated construction eliminates the need for frequent assembly and disassembly of the accessory, ensuring the device is always ready for immediate use. The entire assembly weighs only 53 g, ensuring the grip does not cause hand fatigue even during prolonged outdoor recording sessions. The ergonomic design, expanded finger rest area, and soft silicone surface provide a secure hold and enhance comfort during dynamic filming.

Operation in accordance with intended use

For safety and certification purposes, the product must not be modified or altered in any manner. In the event of use other than those described, the product may be damaged. Moreover, improper use may result in hazards. Please read the user manual thoroughly and retain it for future reference. Safety instructions contained within the manual must be read and adhered to.

1. This product is not a toy. Keep out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapours, and solvents.
3. Do not subject the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged or malfunctioning), use must be discontinued and the product secured to prevent further use.
5. The product should be handled with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any uncertainties concerning usage or safety, please refer to a qualified specialist.
7. If you have any questions that are not addressed in this manual, please contact our customer service department (email: hurt@innpro.pl, website: <https://innpro.pl/>) or an authorised specialist.
