

User Manual

Sunnylife Osmo Nano Vlogging Set – Wrist Strap – Cold Shoe

Description

The Sunnylife vlogging set is a practical protective grip designed for creators who record while on the move and wish to avoid the frequent mounting of additional accessories.

The integrated grip allows for swift camera handling and immediate commencement of recording, while the ergonomic design ensures a secure and comfortable hold during both vlogging and street photography. The extended finger contour provides a secure grip, ensuring the camera remains stable in the hand even during dynamic outdoor filming.

Intended Use

For safety and certification purposes, the product must not be modified or altered in any manner. Use of the product for purposes other than those specified may cause damage. Additionally, improper use may present safety hazards.

Read the user manual thoroughly and retain it for future reference. Users must read and comply with all safety instructions provided in this manual.

1. This product is not a toy. Keep the product out of the reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapours, and solvents.
3. Do not subject the product to mechanical stress.
4. If safe operation is no longer assured (if the product is damaged or not functioning correctly), usage must be discontinued, and the product must be secured to prevent further use.
5. The product must be handled with care. Shocks, impacts, or dropping the product may cause damage.
6. Should any uncertainties arise concerning operation or safety, users must consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service department

(email: hurt@innpro.pl, website: <https://innpro.pl/>) or consult another qualified professional.
