

User Manual

Sunnylife Universal Phone Holder with Clip

Description

The Sunnylife Universal Phone Holder with Clip is a versatile accessory designed to facilitate convenient recording, photography, and navigation use in a variety of environments. Owing to its compatibility with bicycle mounts, tripods, and car suction holders, this device can be securely used during cycling, car travel, as well as for routine video recording. The design has been specifically engineered to provide stable and secure support for the smartphone without obstructing the screen's visibility.

Intended Use

For safety and certification reasons, the product must not be rebuilt or modified in any manner. Use of the product for purposes other than those described may cause damage. In addition, improper use may present safety risks.

Please read the user manual thoroughly and retain it for future reference. You must read and follow the safety instructions contained in the manual.

1. This product is not a toy. Keep it out of reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapours and solvents.
3. Do not subject the product to mechanical strain.
4. If safe operation is no longer possible (for example, if the product is damaged or not functioning correctly), use must be discontinued immediately and the product secured to prevent further use.
5. The product should be handled with care at all times. Shocks, impacts or dropping the product may result in damage.
6. Should there be any uncertainties concerning operation or safety, please seek advice from a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service department

via email at hurt@innpro.pl, through our website <https://innpro.pl/>, or consult another specialist.
