

User Manual

Sunnylife AIR 3S Filter

Description

The Sunnylife AIR 3S filter is constructed using an aviation-grade aluminium frame, which ensures high durability while maintaining a lightweight design. Each filter weighs approximately 4 g, preventing any burden on the gimbal and not affecting flight stability or camera performance. This design has been developed to provide mobility and complete freedom of recording in all conditions. The supplied CPL and ND/PL filters enable adjustment of the polarisation angle through rotatable gold-coloured rings, allowing precise optimisation of the effect according to the lighting conditions. This permits effective reduction of reflections, enhancement of colour saturation, and control over the amount of light entering the lens, thereby producing a more professional and consistent image.

Use strictly in accordance with the intended purpose

For safety and certification purposes, the product must not be modified or altered in any manner. Using the product for purposes other than those specified may result in damage to the product. Additionally, use inconsistent with the intended purpose may present safety hazards.

Please read the user manual carefully and keep it for future reference. The safety instructions contained within this manual must be read and strictly adhered to.

1. This product is not a toy. Keep it out of reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapours, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (for example, if the product is damaged or does not function correctly), usage should be ceased immediately and the product secured against reuse.
5. The product must be handled with care. Impacts, shocks, or drops may cause damage to the product.
6. Should any uncertainties arise concerning operation or safety, it is recommended to contact a qualified professional.
7. Should you have any questions not addressed in this manual, please contact our Customer Service Department via email at hurt@innpro.pl, through our website at <https://innpro.pl/>, or consult a qualified specialist.

Specifications

Model: A3S-FI921

Compatible Models: AIR 3S

Material: Aluminium Alloy Frame with Optical Glass Lenses

Weight: 4 g (per filter)

Dimensions: 89 x 51 x 25 mm

Manufacturer:

SDSHOBBY Technology Industrial Limited
2nd Building, 5th Floor, Long Hua District, 518131 Shenzhen, China

Responsible Entity in the EU & Importer:

INNPRO Robert Błędowski sp. z o. o.
65C Rudzka Street, 44-200 Rybnik, Poland
