Sunnylife Flip ND64 ND Filter

Description

The Sunnylife Flip ND64 is an ultralight filter weighing approximately 0.5 g, engineered to avoid impacting gimbal function or adding unnecessary load to the drone's structure. This enables unrestricted use of full image stabilization while providing enhanced control over exposure and delivering smoother footage under bright lighting conditions. This solution is engineered for creators who demand uncompromising quality alongside optimal flight ergonomics.

Intended Use

For safety and certification compliance, the product must not be rebuilt or altered in any manner. Utilization of the product outside the scope of its intended use may cause damage. Moreover, improper use may present safety hazards.
