

User Manual

Sunnylife Mount for OSMO NANO/GO 3/G

Description

The Sunnylife mount has been engineered for extensive compatibility, supporting DJI OSMO Nano, Insta360 GO 3, GO 3S, as well as MIC systems. This universal design allows a single accessory to accommodate various hardware configurations, enabling flexible and unrestricted assembly of POV recording setups.

Intended Use

For safety and certification compliance, this product shall not be modified or altered under any circumstances. Use of this product for purposes other than those explicitly stated may cause damage to the product. Moreover, any improper use may pose significant safety risks. Carefully read the user manual in its entirety and retain it for future reference. All safety instructions contained within the manual must be read thoroughly and strictly adhered to.

1. This product is not a toy. Keep this device strictly out of reach of children and animals.
2. Ensure the product is protected from extreme temperatures, direct exposure to sunlight, intense vibrations, elevated humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical impacts or stress.
4. If safe operation is no longer feasible (the product is damaged or malfunctioning), immediate discontinuation of use is required and the product must be secured to prevent any subsequent use.
5. The product shall be handled with extreme caution. Impacts, shocks, or drops may cause product damage.
6. In case of any uncertainties concerning equipment operation or safety, contact a qualified professional.
7. Should you have any inquiries not addressed within this manual, please

contact our Customer Service Department
