

User Manual

Sunnylife AD049 Quick Connector

Description

The Sunnylife AD049 quick connector has been engineered to provide stable and secure mounting under all conditions. The incorporated Double Lock system integrates a strong magnet with a mechanical latch, ensuring enhanced protection and eliminating the risk of accidental disengagement. This guarantees that the camera remains securely in position even during dynamic shots and vigorous movement.

Use strictly in accordance with the intended purpose.

For safety and certification purposes, under no circumstances shall the product be modified or altered. Use of the product for purposes other than those specified may result in product damage. Furthermore, improper use may create safety hazards.

Thoroughly read the user manual and retain it for future reference. All safety instructions contained within the manual must be read and strictly adhered to.

1. This product is not a toy. Keep the product out of reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical loads.
4. Discontinue use immediately if safe operation is no longer possible (the product is damaged or malfunctioning). Secure the product to prevent any further use.
5. Handle the product with extreme care. Subjecting the product to shocks, impacts, or drops may result in damage.
6. In the event of any uncertainty concerning operation or safety, contact a qualified professional immediately.
7. If any questions arise that are not answered in this manual, please contact

our Customer Service Department
(email: hurt@innpro.pl, website: <https://innpro.pl/>) or an authorized specialist.

Specifications
