

User Manual

Sunnylife Cold Shoe Adapter

Description

The Sunnylife cold shoe adapter is a versatile accessory compatible with DJI Osmo 360 and the Action series 5 Pro, 4, 3, and 2. Due to its well-considered design, it allows simultaneous video recording and photo capture, enabling you to record every moment without compromise. The cold shoe system is compatible with various devices such as action cameras, cameras, selfie sticks, and tripods, providing full operational flexibility across different recording scenarios.

Use strictly in accordance with the intended purpose

For safety and certification reasons, it is strictly prohibited to modify or alter the product in any manner. Using the product for purposes other than those specified may result in damage. Moreover, improper use may pose safety hazards.

Thoroughly read the user manual and keep it accessible for future reference. All safety instructions outlined in the manual must be carefully read and adhered to.

1. This product is not a toy. Keep the product out of reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Avoid subjecting the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged or not functioning properly), use must be discontinued and the product secured to prevent any further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If you have any questions concerning operation or safety, please consult a qualified professional.
7. If you have any questions that are not answered in this manual, please

contact our customer service department
(email: hurt@innpro.pl, website: <https://innpro.pl/>) or consult another specialist.
