

User Manual

Magnetic Ball Joint Mounting Adapter for Osmo Nano / Action 6

Product Description

The Sunnyslife magnetic ball adapter has been engineered to provide maximum convenience when used with Osmo Nano and Action 6 cameras. The dual-direction quick-mount system enables instant attachment and detachment of the device, significantly accelerating configuration changes during recording sessions. This solution is perfect for creators who frequently work in the field and require equipment ready for immediate use within seconds.

Use in Accordance with Intended Purpose

For safety and certification reasons, the product must not be modified or altered in any manner. Using the product for purposes other than those specified may result in damage to the product. Moreover, improper use may present safety hazards.

Thoroughly read the user manual and retain it for future reference. All safety instructions contained within the manual must be read and strictly followed.

1. This product is not a toy. Keep it out of the reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged or malfunctioning), discontinue use immediately and secure the product to prevent further operation.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. In case of any uncertainties concerning operation or safety, please consult a qualified professional.
7. If you have any questions that are not addressed in this manual, please

contact our customer service department
via email (hurt@innpro.pl), through our website (<https://innpro.pl/>), or consult another qualified specialist.
