

User Manual

Magnetic Mounting Adapter with 360° Ball Joint for Osmo 360 / Action 5 Pro / 4 / 3

Description

The Sunnylife magnetic mounting adapter with a ball joint and quick-release system is an advanced solution engineered to provide maximum convenience when operating action cameras. The magnetic quick-release system is fully compatible with DJI Osmo 360, Osmo Action 5 Pro, Action 4, and Action 3, allowing for instantaneous transitions between shots without the need for reassembly.

The quick-release mechanism enables immediate mounting and dismounting of the camera with a single click, significantly accelerating on-site operations and providing full flexibility of use.

Intended Use

For safety and certification purposes, the product must not be modified or altered under any circumstances. Utilizing the product for applications other than those specified may cause damage to the product. Furthermore, use inconsistent with the intended purpose may create safety hazards.

Read the user manual carefully and retain it for future reference. It is mandatory to read and comply with the safety instructions provided within the manual.

1. This product is not a toy. Keep out of reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged or not functioning properly), usage must be discontinued immediately, and the product must be secured to prevent further use.
5. The product must be handled with caution. Shocks, impacts, or drops may result in product damage.
6. If any uncertainties arise concerning operation or safety, please seek advice from a qualified professional.
7. If you have any questions not addressed in this manual, please contact our customer support

via email at hurt@innpro.pl, through our website at <https://innpro.pl/>, or consult another specialist.
