

User Manual

Universal Magnetic Mount with 180° Tilt and 360° Rotation for Mini Cameras (Osmo Nano, Insta360 GO)

Product Description

The Sunnylife universal mount is engineered for broad compatibility with widely used compact cameras, including the DJI Osmo Nano, Insta360 GO Ultra, GO 3S, and GO 3 models. This design enables a single mount to accommodate various devices, irrespective of their mounting system or functional mode. This is a practical solution for creators who operate several cameras and require one dependable mounting system.

Use strictly in accordance with the intended purpose

For safety and certification reasons, the product must not be modified or altered in any manner. Using the product for purposes other than those described may result in damage. Additionally, improper use contrary to the intended purpose may create safety hazards.

Read the user manual thoroughly and retain it for future reference. The safety instructions provided in this manual must be thoroughly read and strictly adhered to.

1. This product is not a toy. Keep the product out of reach of children and animals.
2. Protect the product against extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not subject the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged or malfunctioning), usage must be immediately discontinued, and the product secured to prevent reuse.
5. The product must be handled with utmost care. Shocks, impacts, or dropping the product may result in damage.
6. In case of any uncertainties concerning operation or safety, it is imperative to consult a qualified specialist.
7. Should any questions arise that are not addressed in this manual, please

contact our customer service department
(email: hurt@innpro.pl, website: <https://innpro.pl/>) or consult another qualified specialist.
