

User Manual

Sunnylife Mounting Adapter + Avata 2 Drone Lamp

Description

The Sunnylife Multifunctional Universal Mounting Adapter is a versatile mounting solution designed to ensure maximum compatibility with various recording and lighting devices. It is fully compatible with DJI Action 2 cameras, Insta360 GO 3, Insta360 GO 2, and GO 1, as well as with dedicated drone lighting systems. This single adapter allows the creation of a flexible setup for shooting under diverse conditions – ranging from dynamic sports footage to professional night scenes. The set also includes a 1/4" adapter enabling direct mounting of devices equipped with a 1/4-inch thread.

Use in compliance with intended purpose

For safety and certification reasons, the product must not be modified or altered in any manner. Using the product for purposes other than those described may cause damage. Furthermore, improper use may result in safety hazards.

Carefully read the user manual and keep it for future reference. The safety instructions contained within the manual must be read and strictly followed.

1. This product is not a toy. Keep it out of the reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged or malfunctioning), use must be discontinued and the product secured to prevent further use.
5. The product should be handled with caution. Shocks, impacts, or dropping the product may cause damage.
6. In case of any doubts concerning operation or safety, please consult a qualified professional.
7. Should you have any questions that are not addressed in this manual, please

contact our customer support office

Environmental Protection

Used electronic equipment, marked in accordance with the European Union directive, must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated collection points. Proper disposal prevents possible negative impacts on the natural environment and human health.

The collection system for used equipment complies with locally applicable environmental protection regulations concerning waste disposal. Detailed information on this matter can be obtained from the municipal office, the waste management authority, or the store where the product was purchased.

The product complies with the requirements of the New Approach Directives of the European Union (EU), which address issues related to user safety, health protection, and environmental protection, specifying hazards that must be identified and eliminated.

This document is a translation of the original user manual prepared by the manufacturer.

Detailed information regarding the distributor's/manufacturer's warranty conditions is available on the website <https://serwis.innpro.pl/gwarancja>

The product should be regularly maintained (cleaned) either by the user or by specialized service centers, at the user's expense and responsibility. In the absence of instructions on necessary periodic maintenance or servicing within the user manual, the physical condition of the product should be evaluated regularly, at least once per week, to detect any deviations from the condition of a new product. In the event of detecting any deviation, immediate maintenance (cleaning) or servicing must be undertaken. Failure to conduct proper maintenance (cleaning) and promptly address any detected deviations may cause permanent damage to the product. The warranty does not cover any damage caused by negligence.
