Description

The Sunnylife protective set includes tempered glass for the screen and lens of the device, as well as a PET cover for its second display. All accessories are very easy to install and guarantee reliable protection against damage. The high-hardness tempered glass (9 H) effectively protects the camera screen from scratches or cracks, and also provides resistance to fingerprints, dust, and greasy stains.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using it for purposes other than those described may result in damage. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference.
