User Manual

Set of four SUNNYLIFE filters for DJI Neo ND8+ND16+ND32+ND64

Description

The SUNNYLIFE set for DJI Neo, containing ND8, ND16, ND32, and ND64 filters, will delight any photography and drone videography enthusiast. The accessories allow for exposure control and reduce the amount of light entering the lens, eliminating overexposure and enabling the creation of smooth and professional video recordings even in the brightest conditions. They are made from high-quality German glass, ensuring durability.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), stop using it and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
