User Manual

Set of six SUNNYLIFE filters for DJI Neo MCVU+CPL+ND8+ND16+ND32+ND64

Description

The SUNNYLIFE set for DJI Neo, containing MCVU, CPL, ND8, ND16, ND32, and ND64 filters, will delight any photography and drone filming enthusiast. The accessories allow you to control exposure and reduce unwanted glare while also providing protection for the lens against harmful UV rays. They are made from high-quality German glass, ensuring durability. Their installation will not be difficult for you.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
