

Sunnylife tempered glass for DJI Action 5 Pro

Sunnylife · EAN 5907085520896

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Sunnylife Tempered Glass for DJI Action 5 Pro

Description

The Sunnylife tempered glass is an excellent solution that effectively protects your screen and camera lens from damage. With a hardness level of 9H, the glass provides reliable protection, making it an ideal choice for those seeking long-lasting security. Additionally, the high light transmittance guarantees realistic color reproduction, ensuring that images and videos are clear and full of detail.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
