User Manual

Adjustable Lens Filter Sunnylife A3S-FI925CPL, CPL+ND8+ND16 for AIR 3S 3pcs

Description

The Adjustable Lens Filter Sunnylife A3S-FI925CPL is a set of three filters designed for the AIR 3S drone. The set includes CPL, ND8, and ND16 filters, which help achieve better image quality and adjust exposure in various lighting conditions. With this set, you can easily capture the perfect shots, regardless of the situation.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may damage the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), stop using it and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
