User Manual

Sunnylife A3S-FI927 Filter Set for AIR 3S 4pcs

Description

The Sunnylife A3S-FI927 filter set is an excellent solution for any AIR 3S drone user who wants to enhance the quality of their recordings and photos. The set includes four ND/PL filters – ND8/PL, ND16/PL, ND32/PL, and ND64/PL. These combinations of neutral and polarizing filters allow for precise control of light levels and elimination of glare, ensuring sharp and detailed shots in various lighting conditions.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification
