User Manual

Sunnylife A3S-FI929 Filter Set 6pcs Mix for AIR 3S

Description

The Sunnylife A3S-FI929 filter set, consisting of six different filters (MCUV, CPL, ND8, ND16, ND32, ND64), is the perfect solution for AIR 3S drone users who want to enhance the quality of their recordings and photos. With the various filters included in the set, you can easily adjust the parameters to the prevailing lighting conditions, reduce glare, and control exposure. This set guarantees complete flexibility and lens protection.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
