WARNING:

Dear customer, thank you very much for purchasing our product! Please read and understand the manual correctly before using this product.

1. Do not shine directly in the eyes, the powerful LED light will damage the eyes immediately.
2. If the battery is not used for a long time, please charge and discharge it every 3 months to keep the battery in good condition.
3. It is normal to use the lights for a long time to heat up.
4. When the indicator light shows low power, please charge the battery as soon as possible.
5. Please keep the battery away from water, moisture and drop etc.
6. To avoid damage to the surface of the flashlight, please do not expose the flashlight to sunlight, water, chemicals, corrosive gases or any other oxidizing environment frequently.

INSTRUCTIONS FOR USE

-Hidden Charging

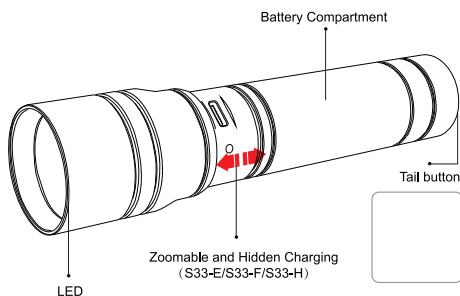

-Tail Charging

1.1 Charging Ways

1. Normal Modes(S33-A, S33-C, S33-E) : Press the tail button, open the strong light mode, continue to press the button to adjust the light mode (strong-medium-low-off), after pressing and holding any modes for 2'S it is SOS. S33-F and S33-H are 5 light modes, press to turn on the strong light mode, touch the tail button to adjust the light mode (strong-medium-low-strobe-SOS) cycle;
2. Zoom Modes(Just only S33-E, S33-F): Focusing and floodlight functions of the flashlight can be performed by adjusting the focus by extending the head.
