

Cute Rabbit

Night light

Packing List

The list of items in the product packaging is as follows:

Cute Silicon Night Light x 1

Type-C USB Power Cord x 1

Manual x 1

Specifications

Product Model: .RAB-01

Rated Power: 0.5W

Charging Input: DC5V 0.5A

Battery Capacity: 1200mAh

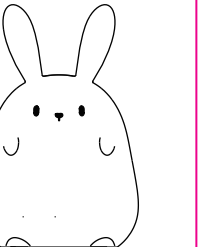

Use time: about 16hrs for high-end and 56hrs for low-end

Charging Time: ≤4 hours

Product Size: about 96mm x113mm x 147mm / 3.77in x 4.44in x 5.78in

Product Weight: about 162 grams

Appearance Patent: 202030535398. 5

Press or Pinch to Adjust Brightness

OFF

20'

OFF

Pinch Mode:

You can turn on the cute night light by pinching/shooting/playing, etc.

If you turn on the switch at the bottom of the night light, you can start the following operations.

-Pinch one time: the first level of brightness, the brightness of this level is weak, suitable for sleeping with.

-Pinch twice: the second level of brightness, this level of brightness is slightly stronger, suitable for use as an atmosphere light function.

-Pinch three times: the light is off, if you still need the light, repeat the above operation again to turn it on.(When you select a weak light and do not operate within 5 seconds, it will automatically turn off the light when triggered again.The light is turned on again without strong gear, causing discomfort.)

-Charging reminder: When the product is connected to the power, the light flashes twice to indicate that it is charging;

-Fully charged indication: When the product is fully charged, the light flashes three times to indicate that the product is fully charged;

-Low battery reminder: When the product is in a low battery state, it will automatically enter the power shortage protection state, and Remind you that it is time to recharge with a flashing breath.
