SwitchBot · EAN 0810150546156

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

Keep devices away from children to avoid accidental ingestion of small parts or damage to the product due to improper installation. In the case of digital locks, change codes regularly and remove user codes from access who should no longer have access to the facility. If you need additional information regarding the product, contact customer service (e-mail: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist. Risk of electric shock: All electrical devices must be installed according to the manufacturer's instructions and in a safe manner, ensuring that their installation does not obstruct access to important systems, e.g., heating or electrical. Used electronic equipment marked in accordance with European Union directives may be disposed of together with other municipal waste. It is subject to selective collection and recycling in designated points. Detailed information on warranty conditions is available on the website <https://serwis.innpro.pl/gwarancja>. The product should be regularly maintained (cleaned) in accordance with the user manual created by the manufacturer. Risk of improper use: Installation and configuration of the product should be carried out by an adult. Ensure that users are aware of the correct way to use the devices, e.g., proper input of codes into digital locks or using the mobile app to control devices. In the case of smart sockets and energy consumption meters, ensure that connected devices are compliant with local regulations regarding maximum load parameters. Check that all components are properly installed to avoid loosening or damage during use. In the case of more advanced installations, it is recommended to seek the assistance of a qualified professional. Woan Technology (Shenzhen) Co., Ltd. hereby declares that the type of radio device Smart two-channel switch SwitchBot Relay Switch 2PM complies with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following address: <https://files.innpro.pl/switchbot>. By ensuring proper disposal, you prevent potential negative consequences for the natural environment and human health.

Never use damaged cables, plugs, or place them in locations that will ensure their safety.

Manufacturer's address: Shenzhen Haicheng Road Qiancheng

Wireless connectivity Detailed information on this can be obtained from the municipal office,
