
Intelligent activator SwitchBot Tag

SwitchBot · EAN
850007706586

SwitchBot Tag

Easy control of SwitchBot home devices using NFC.

Contents of the package

SwitchBot Tag × 3 Sticker × 6

Instructions

For detailed information, scan the QR code on the right.

Precautions

1. Download the SwitchBot app from the Apple App Store or Google Play Store.
2. Make sure your phone has Android OS 5.0 or newer with NFC or an iPhone model after iPhone XR and iPhone XS with iOS 12 or newer.
3. Before using the SwitchBot Tag app, enable the NFC function on your phone. Check your mobile phone's manual to find out how to enable NFC.
4. Supported devices include, but are not limited to, SwitchBot Bot, curtain, thermometer and hygrometer, plug, smart humidifier, motion sensor, contact sensor, indoor camera, and remote controls added to the SwitchBot Hub.
5. We are not responsible for data loss caused by product R/W function failure.
6. Attaching the tag to a metal surface will shorten the communication distance.

For more information, scan the QR code on the right.

WOAN TECHNOLOGY LIMITED hereby declares that the type of radio equipment [SwitchBot Tag Smart Activator] is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following web address: <https://files.innpro.pl/SwitchBot>

Manufacturer's address: Building A2, No. 610 Fengtang Avenue, Tangwei, Fuhai Street, Baoan District, Shenzhen, Guangdong, China

Radio frequency: 13.56 MHz

Maximum radio frequency power: <20dBm

Environmental Protection

Waste electrical and electronic equipment marked in accordance with European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the environment and human health. The waste collection system complies with locally applicable environmental regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, which define hazards that should be detected and eliminated.

Detailed information about the distributor/manufacturer warranty conditions is available on the website <https://serwis.innpro.pl/gwarancja>

The product should be regularly maintained (cleaned) by the user or through specialized service points at the user's cost and responsibility. In the absence of information about necessary periodic or service maintenance actions in the user manual, the user should regularly, at least once a week, assess the physical condition of the product against that of a physically new product. If any deviation is detected or noted, urgent maintenance (cleaning) or service steps should be taken. Failure to properly maintain (clean) and respond upon detecting a deviation may lead to permanent damage to the product. The warranty provider is not responsible for damages resulting from neglect.
