## User manual

Telesin

Telesin Dome Port underwater housing for GoPro Hero 12 / 11 / 10 / 9 (GP-DMP-T09)

### Description

The practical housing from Telesin designed for the GoPro camera allows you to capture original shots above and below the water. It can not only float on the water but is also waterproof up to a depth of 30 m. It provides a wide field of view and light transmission of 93%. Inside its non-slip grip, there is also a compartment where you can store small items.

### Intended use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may cause damage to the product. Additionally, improper use may pose hazards. Read the user manual carefully and keep it for future reference.

Safety usage instructions

Read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding the operation, safety, or connection of the product, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: [hurt@innpro.pl](mailto:hurt@innpro.pl), website: <https://innpro.pl/>) or another specialist.
