Telesin · EAN 6972860171333

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Selfie Stick 2.7M TELESIN Carbon Fiber

Description

Create fantastic selfies, group photos, and shots from unusual perspectives.

The TELESIN selfie stick GP-MNP-270-02 will help you with that! The accessory allows for a 6-step length adjustment ranging from 40 cm to even 2.7 m. You can easily adjust it to your needs! Moreover, there is a 1/4'' hole at the bottom of the product, allowing you to mount it on a tripod. The selfie stick is also equipped with detachable adapters and a 1/4'' screw, making it compatible with many models of sports cameras from well-known brands such as DJI, Insta360, or GoPro. It is made of high-quality carbon fiber, which is lightweight yet solid and durable.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), stop using it and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer

service office (email: hurt@innpro.pl, website: https://innpro.pl/) or another specialist.

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, cleaning plant, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, specifying hazards that should be detected and eliminated.
