Telesin Floating Grip for Action Cameras (GP-MNP-102)

Description

Engage in extreme water sports and record exciting moments without worrying about your action camera. The Telesin floating grip provides a comfortable and stable hold for the camera while protecting the equipment from sinking if the camera falls into the water. It keeps the equipment afloat on the surface, and its bright color makes it easy to locate. The floating grip is compatible with most action cameras and will provide you with comfort and safety while diving or swimming.

Intended use

It is intended for indoor use only. Using the device outdoors is not permitted. Contact with moisture, such as in a bathroom, must be unconditionally avoided. For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Read the user manual carefully and keep it for future reference.
