User Manual

Telesin Remote for GoPro Hero 13 / 12 / 11 / 10 / 9 / 8 / MAX (GP-RMT-T10)

Description

The remote allows for remote control of GoPro Hero 13 / 12 / 11 / 10 / 9 / 8 / MAX cameras. It provides convenient access to all camera functions, making it easier to record impressive videos and create original shots. Its range is up to 80 m, so you don't have to worry about signal interference. The device is extremely easy to use, and the connection takes just a few seconds. Moreover, the remote allows for the control of up to five cameras simultaneously. The included strap allows you to wear it like a watch.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards.

Please read the user manual carefully and keep it for future reference. You must read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), stop using it and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Maximum Radio Frequency Power: <20 dBm

Environmental Protection

Waste electrical and electronic equipment marked in accordance with the European Union directive must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The waste collection system complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, cleaning facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU), concerning issues related to user safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.
