User Manual

Telesin Neck Mount for Action Cameras / Phones

Description

Telesin TE-HNB-003 is a neck mount that unlocks the full potential of first-person (POV) recordings. With the device positioned centrally, you can freely use both hands while capturing dynamic shots during travels, workouts, or various sports activities. Just put on the neck mount and enjoy complete freedom of movement and a stable frame without the need to use your hands.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product.
