User Manual

TELESIN Dual Channel Charger Box for GoPro Hero 12/11/10/9 (Fast Charging)

Description

The TELESIN Box is designed for batteries for GoPro Hero series 9, 10, 11, and 12 cameras, combining energy renewal and storage functions. With support for fast charging, it is a versatile tool for demanding creators. Note: the product cannot be used as a power bank. Charging is only possible when the device is connected to a power source.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification

Manufacturer Code: FCC-001

Battery Capacity: 1750 mAh

Charging Current of the Charging Box: 2A

Battery Charging Voltage: 4.4V-2A

Product Size: 67.2×67.2×65.4 mm

Manufacturer

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, cleaning facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning issues related to user safety, health protection, and environmental protection, specifying hazards that should be detected and eliminated.
