

TELESIN motorcycle/bike mount for sports cameras

Telesin · EAN 6974944461668

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

TELESIN Mount for Motorbike/Bicycle for Action Cameras

Description

The TELESIN mount is ideal for action cameras. Made from durable aluminum alloy, it guarantees durability and stability, even in challenging conditions. With a 360° rotating ball head, it allows for free adjustment of the recording angle, which is particularly useful during dynamic shots on a motorcycle or bicycle. Compatibility with various devices, such as selfie sticks, makes it a versatile solution for extreme sports enthusiasts who want to capture every moment from different perspectives.

Intended Use

For safety and certification reasons, the device must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, fumes, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against further use.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification

Manufacturer Code: GP-HBM-001-D

Material: High-quality aluminum alloy, resistant to corrosion and mechanical damage.

Clamping Range: Without rubber pad: 22-38 mm; With rubber pad: 9-15 mm

Dimensions: Total height: 210 mm; Clamping head: 60 mm; Central joint: 70 mm

Rotation: 360° thanks to the ball head, allowing full adjustment of the recording angle

Compatibility: Designed for mounting on round elements, such as handlebars of motorcycles and bicycles

Manufacturer:

Shenzhen Telesin Digital Co., Ltd

Bantian Street Block B / Room 526, 518000 Shenzhen, Guangdong, China
