User Manual

Charger for three batteries for GoPro Hero 13 Black Telesin (S0-BCG-11-TGP)

Description

The Telesin S0-BCG-11-TGP charger is a compact and efficient device that allows for the simultaneous charging of three batteries for the GoPro Hero 13 Black. With increased power, the charging process is 25% faster compared to standard chargers, allowing for quick preparation of the equipment for subsequent recordings — it takes only 2.8 hours to fully charge 3 batteries.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards.

Read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification

Manufacturer code: S0-BCG-11-TGP

Input: 5V 3A

Output: 4.48V 900mA × 3

Operating temperature: 5°C – 45°C

Material: ABS

Dimensions: 115 × 59.5 × 24.9 mm

Weight: 84 g

Compatibility: GoPro Hero 13 Black / Telesin Hero 13 batteries

Manufacturer:

Shenzhen Telesin Digital Co., Ltd

Bantian Street Block B / Room 526, 518000 Shenzhen, Guangdong, China

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be disposed of with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, specifying hazards that should be detected and eliminated.

Product Battery Specifications

Feature Value

Product code -

EAN code 6974944463709

Battery category Portable battery

Battery type Portable lithium batteries (other than button cells)

Contains Cadmium/Lead (>0.002% Cd, >0.004% Pb)

Net weight (kg) 0.08

Capacity (mAh) 1750
