Using the product for unintended purposes may cause damage to the product or pose a threat to health or life. Do not expose the product to mechanical loads. If safe operation is not possible, discontinue use. If there are any doubts regarding operation, please contact the Manufacturer or Importer.

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this topic can be obtained from the municipal office, waste management facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning issues related to user safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.

Detailed information on the warranty conditions of the distributor/manufacturer is available on the website:
