MagSafe Telesin Holder with Bluetooth Remote

User Manual

Description:

The MagSafe Telesin holder makes it easier for you to use your phone in various situations – during travel, at work, or at home. With its compact design and built-in Bluetooth remote, you can record, browse content, or make video calls hands-free. The product is compatible with iPhones with MagSafe and most Android smartphones thanks to the included magnetic ring.

Included in the package:

- Holder
- Strap
- Magnetic ring
- User manual

Using the product for unintended purposes may cause damage to the product or pose a risk to health or life. Do not expose the product to mechanical loads. If safe operation is not possible, discontinue use. If there are any doubts regarding operation, please contact the Manufacturer or Importer.

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this matter can be obtained from the municipal office, waste management facility, or the store where the product was purchased.

The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, specifying hazards that should be detected and eliminated.

Detailed information about the distributor/manufacturer warranty conditions is available on the website:
