User Manual

Quick-Connect Selfie Stick with Tripod Telesin DJI Action

Description

Are you looking for a convenient way to create perfect selfies or photos and videos from unusual angles? The Telesin Selfie Stick is a lightweight and compact accessory that combines the function of a telescopic stick and a stable tripod. With its four-section length adjustment and 360° ball head, it allows you to capture shots from any perspective. Equipped with an ergonomic, non-slip grip with a silicone texture, it ensures a secure hold, while the stable base eliminates the risk of wobbling on flat surfaces. The magnetic quick-mount system with a double lock allows for immediate attachment or detachment of the camera while maintaining full safety. High-quality construction guarantees durability and resistance to damage, making the selfie stick suitable for any conditions.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.

7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.
