User Manual

StreetGrip Set Telesin GoPro Hero 9-13 with Cage

Description

The StreetGrip Set Telesin has been designed for owners of GoPro Hero 9-13 cameras. It is a comprehensive solution for creators that combines an ergonomic, adjustable handle with a comfortable grip and the patented Seesaw Shutter, allowing for instant shot capture. The metal cage provides solid protection and full access to buttons, while the integrated TF card slots (TransFlash, used for data storage in mobile devices) and quick access to the battery ensure uninterrupted operation. Two cold shoe mounts allow for the attachment of accessories such as a microphone or light, and the magnetic quick-mount system enables efficient scene changes. The entire unit is made using CNC (Computerized Numerical Control, a technology that involves controlling machines via computer for precise, automated material processing) from aluminum, ensuring durability, user comfort, and complete freedom of framing in any conditions.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product from reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.

7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification

Environmental Protection

Used electronic equipment marked in accordance with the European Union directive must not be disposed of together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The system for collecting used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this can be obtained from the municipal office, waste management facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and environmental protection, identifying hazards that should be detected and eliminated.
