Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Protective Bag Telesin DJI Osmo 360, Fully Closed

Description

The Telesin protective bag for DJI Osmo 360 provides complete protection for the camera in a compact and stylish form. The rigid PU (polyurethane, flexible and durable plastic) casing effectively absorbs shocks, while the soft velvet interior protects against scratches. The dedicated design with raised shields protects the dual lenses, and the weather resistance ensures protection against rain, sweat, and splashes. The ergonomic handle and elegant finish combine functionality with style, while the compact dimensions and practical clip make the bag convenient to carry and always ready for use in any situation.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is important to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another

specialist.
