User Manual

Dual Magnetic Mount Telesin DJI Osmo 360

Description

Discover the Telesin magnetic mount designed for users of the DJI Osmo 360 camera. This universal mount combines safety and convenience with the Hyper Magnetic and Snap Lock systems, which ensure stable attachment and quick access to equipment. The quick-release mechanism allows for instant disconnection using two fingers, while the silicone pad effectively absorbs shocks, prevents slipping, and eliminates play between components. Thanks to its lightweight design, the accessory does not burden the setup and facilitates recording anywhere. The ability to quickly change mounts without the need to readjust the angle guarantees smooth operation, and the metal clasps made from durable aluminum alloy provide exceptional durability and reliability even with intensive use.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Additionally, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.

Specification
