User Manual

Universal Mini Transport Bag Telesin DisAdv EVA for Action Cameras

Description

The universal mini transport bag Telesin DisAdv EVA is lightweight and works perfectly during travel – it allows for the safe transport of an action camera along with small accessories. It weighs only 85 g, making it easy to carry in a backpack, bag, or even in a pocket. The hard shell protects the device, while the soft interior with additional layers safeguards it against shocks and scratches. The product is compatible with action cameras from most well-known brands.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. It is essential to read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning correctly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
