User Manual

Telesin DisAdv EVA Transport Bag for DJI Osmo Action 6

Description

The Telesin DisAdv EVA transport bag allows for convenient and safe storage and transport of the DJI Osmo Action 6 along with accessories. The interior is designed to fit the actual dimensions of the device and accessories, allowing for organized transport of the camera, four filters, two batteries, and a quick-release adapter. Additionally, the top mesh pocket can hold cables, lights, microphones, and other small items.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Read the user manual carefully and keep it for future reference. The safety instructions contained in the manual must be read and followed.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service office (email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
