Telesin · EAN 6974944466540

Machine translation from Polski. In case of doubt the manufacturer's original document prevails.

User Manual

Metal Protective Case Telesin for DJI Osmo Action 6

Description

The TELESIN metal case will help you ensure the safety of your DJI Osmo Action 6 camera. Made from a durable aluminum alloy, combined with silicone elements, it provides solid protection for the device without increasing its size. The design has been developed in such a way that it does not block any buttons, ports, or covers, allowing you quick access to the battery and memory card – without the need to remove the equipment from the case. All of this makes the accessory suitable for various scenarios – from cycling, to handheld shots, to street photography.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Furthermore, improper use may pose hazards. Please read the user manual carefully and keep it for future reference. You must read and follow the safety instructions contained in the manual.

1. The product is not a toy. Keep it out of reach of children and pets.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapors, and solvents.
3. Do not expose the product to mechanical loads.
4. If safe operation is no longer possible (the product is damaged, not functioning properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shocks, impacts, or dropping the product may cause damage.
6. If there are any doubts regarding operation or safety, please consult a qualified professional.

7. If you have any questions that are not answered in this manual, please contact our customer service

(email: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
