

User Manual

Tomtoc Navigator-T66 Liteway Travel Backpack, 16"/40L (Gray)

Description

The Tomtoc Navigator-T66 Liteway is a 40L travel backpack designed for 3-5 day trips and air travel. Its design corresponds to the size of a 20" carry-on suitcase. The product is made of lightweight 400D Ripstop fabric and reinforced, abrasion-resistant 1680D polyester, which provides a good balance between low weight and durability. The compression feature allows you to reduce the volume of the backpack when it is not fully packed, so it retains its slim shape with a lighter load.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Improper use may also cause hazards. Read the user manual carefully and keep it for future reference. Always read and follow the safety instructions contained in this manual.

1. The product is not a toy. Keep it out of reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapours and solvents.
3. Do not subject the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged or does not work properly), stop using it and secure it against unintended use.
5. Handle the product with care. Shocks, impacts or dropping the product may cause damage.
6. If in doubt about the operation or safety of the product, consult a qualified specialist.
7. If you have any questions that are not answered in this manual, please contact our customer service (e-mail: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
