

User Manual

TOMTOC Defender-A13 13" MacBook Neo Case (Black)

Description

The Tomtoc Defender A13 is a case for the 13-inch MacBook Neo—it features a single compartment and a zippered pocket on the outside. Inside the pocket, there is an additional loop for an AirTag or key. All edges, with special attention to the corners, are lined with shock-absorbing material to provide the best protection for your device. The case meets the MIL-STD-810-516.8 military standard for drop resistance. The material used is recycled and resistant to mechanical damage and splashes; the zipper sewn into the sides is manufactured by YKK—a well-known and respected Japanese brand. The interior of the case is lined with a soft material and a thick layer of padding. The case features an elegant, minimalist design.

Intended Use

For safety and certification reasons, the product must not be modified or altered in any way. Using the product for purposes other than those described may result in damage to the product. Improper use may also cause hazards. Read the user manual carefully and keep it for future reference. Always read and follow the safety instructions contained in this manual.

1. The product is not a toy. Keep it out of reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapours and solvents.
3. Do not subject the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged or does not work properly), stop using it and secure it against unintended use.
5. Handle the product with care. Shocks, impacts or dropping the product may cause damage.
6. If in doubt about the operation or safety of the product, consult a qualified specialist.
7. If you have any questions that are not answered in this manual, please contact our customer service (e-mail: hurt@innpro.pl, website: <https://innpro.pl/>) or another specialist.
