Warranty extension program

General specifications IMPORTANT SAFETY TIPS

Model: U2202 1. Please read this manual and keep it. Follow all warnings and use the device according to the instructions. Power supply: 15 V DC, 2.4 A (soundbar); 2. Do not use the device near water sources, in humid environments, or during rain. Avoid splashing liquids or placing items containing liquids (e.g., vases) on the device. Operating temperature: -10°C-45°C / 14°F-113°F 3. The device should be cleaned only with a dry cloth. Do not use liquid cleaning agents. • Frequency response: 70 Hz – 18 kHz (-6 dB) 4. Do not block ventilation openings or install the device in a confined space. Ensure adequate ventilation and install the device according to the manufacturer's instructions. Dimensions 5. Do not install the device near heat sources such as radiators, stoves, or amplifiers. Do not block ventilation openings with items such as newspapers or curtains. • Soundbar dimensions (W x H x D): 400 x 66 x 108 mm / 15.7" x 2.6" x 3.5" • Packaging dimensions (W x H x D): 440 x 157 x 167mm / 13.0" x 6.2" x 6.5" 6. Use only mounting elements, stands, or accessories specified by the manufacturer.

When using the device equipped with

- Packaging weight: 2.2 kg / 4.85 lbs

wheels, move carefully to avoid tipping over. Power consumption and wireless connection configuration instructions

7. Protect the power cord from being pinched, stepped on, or bent, especially near plugs, sockets, and where it exits the device.

1. Information on power consumption

This device complies with European Commission (EU) Regulation 2023/826.

- Off: not applicable
- Standby mode (when all wireless connections are off): < 0.5
- Network standby mode for soundbar: < 2.0 W

*The time after which the device enters standby mode can be set in the app. Changing this

setting may result in a significant increase in power consumption, which negatively impacts the environment.

2. The period after which the energy management feature automatically switches the device to:

Off N/A

Standby mode When the soundbar is in

idle state (not playing any

files or performing

any actions) and is not

connected either via

Bluetooth or via

the app. Standby mode

When a connection is

established via

Bluetooth or

the app. The device has

entered network standby.

3. If this device has wireless connectivity:

How to enable wireless connectivity:

- Configure the device according to the instructions;
- Switch the device to wireless mode (Bluetooth);
- Connect to energy-using devices (e.g., players, game consoles, decoders, phones, tablets, or computers).

How to disable wireless connections:

- Switch to a channel other than Bluetooth;
- Then press and hold the button on the remote for more than 3 seconds.

INSTRUCTIONS FOR PROPER DISPOSAL

This symbol on the product or its packaging indicates that at the end of its life cycle, this product should not be disposed of with other household waste. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this product from other types of waste and recycle it responsibly, which will contribute to the sustainable reuse of raw material resources.

Waste electrical and electronic equipment

Individual users should contact the retailer from whom they purchased this product or the local authority for detailed information on where and how they can safely recycle this product in an environmentally friendly manner. Commercial users should contact their suppliers and review the terms of their purchase agreement. This product should not be mixed with other commercial waste for disposal.

WIRELESS FREQUENCY RANGE AND WIRELESS OUTPUT POWER:

Frequency range: 2.402 GHz–2.48 GHz

Maximum transmit power (for EU only): 10 dBm

CE WARNINGS

1) Do not install this device in an enclosed space or built-in furniture, such as a bookshelf or similar furniture, and ensure adequate ventilation.

Do not obstruct ventilation by covering ventilation openings with items such as newspapers, tablecloths, curtains, etc. 2) WARNING: To reduce the risk of fire or electric shock, do not expose this device to rain or moisture. The device should not be exposed to dripping or splashing, and objects filled with liquids, such as vases, should not be placed on the device.

3) WARNING: The power supply plug serves as a disconnect device; this device should remain easily accessible. Trademarks: The name "Bluetooth" and the logo are registered trademarks owned by Bluetooth SIG, Inc., and Utimea Technology (Shenzhen) Limited uses them under license. Other trademarks and trade names are the property of their respective owners. Simplified Declaration of Conformity Utimea Technology (Shenzhen) Limited hereby declares that the type of radio equipment Utimea Soundbar Poseidon M20 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following website: <https://files.innpro.pl/ultimea> Manufacturer's address: 20th Floor, Building 4, Tianan Cloud Park, Bantian St., Longgang District Shenzhen, China 518000 Radio frequency: 2400MHz-2484MHz Maximum radio frequency power: 10dBm Environmental Protection Waste electrical and electronic equipment marked in accordance with European Union directives must not be placed together with other municipal waste. It is subject to selective collection and recycling at designated points. By ensuring its proper disposal, you prevent potential negative consequences for the natural environment and human health. The waste collection system for used equipment complies with locally applicable environmental protection regulations regarding waste disposal. Detailed information on this topic can be obtained from the municipal office, cleaning facility, or the store where the product was purchased. The product meets the requirements of the so-called New Approach directives of the European Union (EU) concerning safety, health protection, and

environmental protection, which define hazards that should be detected and eliminated. This document is a translation of the original user manual created by the manufacturer. Detailed information about the distributor/manufacturer warranty conditions is available at the website <https://serwis.innpro.pl/gwarancja> The product should be regularly maintained (cleaned) by the user or through specialized service points at the user's cost and responsibility. In the absence of information about necessary periodic maintenance or service actions in the user manual, the user should regularly, at least once a week, assess the physical condition of the product against that of a physically new product. If any deviation is detected or identified, urgent maintenance (cleaning) or service steps should be taken. Failure to properly maintain (clean) and respond upon detecting a deviation may lead to permanent damage to the product. The warranty provider is not responsible for damages resulting from neglect.
