Care tips for XR glasses Care tips for XR glasses ? Do not bend, stretch, or twist the ends of
the temples (the parts above the ears). ? Buig, strek of draai de uiteinden van de pootjes
(boven de oren) niet met kracht. ? Nie wyginaj, nie rozciągaj ani nie skręcaj zbyt mocno
zakończeń zauszników (części nad uszami). ? Böj, sträck eller vrid inte skalmarna (delen
ovanför öronen) med våld.

? Do not force open the front frame of the glasses; dust may enter, making cleaning difficult
and affecting their appearance. ? Forceer het voorframe van de bril niet; hierdoor kan stof
binnendringen en wordt schoonmaken bemoeilijkt. ? Nie otwieraj siłą przedniej części oprawy
okularów; może dostać się kurz, co utrudni czyszczenie i pogorszy wygląd. ? Tvinga inte upp
den främre ramen på glasögonen. Det kan leda till att damm tränger in, vilket försvårar
rengöring och påverkar utseendet.

? Do not expose the glasses to direct sunlight for long periods (e.g., on the dashboard of a
car). ? Stel de bril niet langdurig bloot aan direct zonlicht (bijv. op het dashboard). ? Nie
wystawiaj okularów na długotrwałe działanie promieni słonecznych (np. na desce rozdzielczej
samochodu). ? Utsätt inte glasögonen för direkt solljus under längre perioder (t.ex. på bilens
instrumentbräda).

? Store the glasses in their case when not in use to prevent scratches, dust, or damage. ?
Guarde las gafas en su funda cuando no las utilice para evitar arañazos, polvo o daños
accidentales. ? Przechowuj okulary w etui, gdy nie są używane, aby zapobiec zarysowaniom,
zakurzeniu lub uszkodzeniu. ?

Store the glasses in the case when not in use to prevent scratches, dust, or damage.

Store the glasses in the case when not in use to avoid scratches, dust, or damage. Do not
use alcohol, acetone, or other chemical solvents to clean the lenses or the frame. Use a soft,
dry microfiber cloth. Do not use alcohol, acetone, or other chemical agents to clean lenses or
frames. Do not use alcohol, acetone, or other chemical cleaning agents on lenses or frames.
Use a soft, dry microfiber cloth.

Keep the lenses clean to maintain image quality. Clean gently to avoid scratches. Keep the
lenses clean to maintain image quality. Wipe gently to avoid scratches.

Do not drop the glasses or expose them to strong impacts. Do not drop the glasses and do
not expose them to hard impacts. Do not drop the glasses and protect them from strong
impacts. Do not drop the glasses and expose them to strong shocks.

Avoid environments with high humidity or extreme temperatures. Avoid environments with
high humidity or extreme temperatures. Avoid places with high humidity or extreme
temperatures. Avoid environments with high humidity or extreme temperatures.

Ensure that the USB-C or magnetic connectors are free from dust. Make sure that USB-C or
magnetic connectors are free from dust and dirt. Ensure that the USB-C or magnetic
connectors are clean and free from contaminants. Make sure that USB-C or magnetic
connectors are free from dust and dirt.

Do not attempt to disassemble or modify the product on your own. Do not disassemble or
modify the product yourself. Do not attempt to disassemble or modify the product on your
own. Do not attempt to disassemble or modify the product yourself.

The product is not intended for children; it is not a toy and should not be used by persons
under 16 years of age. The product should not be used by individuals with serious sensory
disorders, hypersensitivity to flashing lights, or other individuals at increased risk of seizures.

Before use

Disclaimer and safety guidelines

Before putting on the XR glasses, carefully check for any visible damage, such as cracks or
chips on the frames, lenses, or nose pads. Do not use the glasses if they are damaged or
become damaged at any time. Thank you for purchasing this product — Welcome to the
future! Before first use, select the most comfortable nose pads and install them correctly

according to the user manual; this will significantly improve the comfort of wearing the glasses and prevent them from slipping during use. If you need prescription lenses, adjust the myopia adjustment knobs located above each lens to match the power to your vision impairment, or take an additional frame for prescription lenses (sold separately) to an optician for custom lens fitting. By using this product, you confirm that you have read this manual and all disclaimers and warnings thoroughly, and that you understand and agree to comply with the instructions, terms, and conditions contained herein. You agree that you bear full responsibility for your actions and their consequences while using this product, and that you will use it only in a proper manner and in accordance with all applicable local laws, rules, and regulations, as well as all conditions, precautions, procedures, policies, and guidelines provided by VITURE Inc.

User environment

To reduce the risk of injury, discomfort, or property damage, ensure that all users of this product have read this manual and the warnings below thoroughly before starting to use it. VITURE Inc. is not responsible for your access to or use of third-party content, nor for any content or features contained in such materials. Your rights and obligations arising from the use of third-party content are governed solely by agreements between you and the respective providers. Use only in a safe environment. Maintain awareness of your surroundings while using the product and exercise caution, especially in public places or near other people. Do not store or use the glasses in a humid or wet environment, such as pools, hot tubs, or during rain. The optimal ambient temperature for using and storing the product is between 0°C and 30°C (32°F to 86°F).

Health, safety, and intended users

Do not use while moving on stairs, passing through doorways, or near windows, balconies, or open flames. Before using this product, the user should read the entire user manual and familiarize themselves with the product's features and its proper use. Using the glasses outdoors may involve additional hazards, such as traffic or pedestrian movement. Do not use the glasses in situations or during activities that require full awareness of the physical environment (e.g., running, cycling, driving). Do not use the glasses outdoors where external factors and unknowns may pose additional, even deadly, threats.

Health precautions

Consult a doctor before using this product if you have existing conditions (such as heart disease), mental disorders (e.g., anxiety or post-traumatic stress disorder), are pregnant,

elderly, or suffer from other ailments that may worsen as a result of using this product. Do not use the product if you are ill, fatigued, under the influence of alcohol or other substances, or generally do not feel well.

Using this product involves close contact with the user's skin. Sharing the device among multiple people may promote the transmission of diseases; to avoid infections (e.g.

conjunctivitis), do not share the glasses with individuals who have infectious diseases, infections, or ailments — especially those related to the eyes or skin. The glasses should be cleaned after each use, gently so that during use they maintain a temperature below
